## Education

### Degree

**Rensselaer Polytechnic Institute** - Troy, NY

Bachelor of Science: Dual Major In Computer Science and Math

Dean's Honor List 2020-2022; GPA: 3.72; Major GPA: 3.75

Expected Graduation: December, 2023

### Honors & Awards

- RPI's Founder's Award of Excellence Recipient
- Computer Science Honor Society at RPI
- Mathematics Honor Society at RPI

## Experience

**Google** - Software Engineering Intern for Gmail

May, 2023 - August, 2023

Waterloo, Canada

- Modernized C++ code by deprecating the use of a god object and instead using a recorder pattern for audit logging to clean up the developer workflow
- Refactored unit tests and integration tests increasing coverage for new and old code
- Wrote multiple documents describing design decisions, live launch changes, and next steps
- Utilized Google's internal tools to make, upload, and review code changes

**Google** - Software Engineering Intern for ChromeOS

May, 2022 - August, 2022

Boulder, Colorado

- Launched a DevTool to demystify the ChromeOS package manager and streamline accessing metadata
- Created Python scripts to crawl through and gather metadata from ChromeOS source code
- Built infrastructure to run these scripts on an interval and upload gathered data into Google Storage
- Updated documentation to allow anybody on ChromeOS to setup similar infrastructure for their projects
- Made a Project Requirements Doc, Entity Relationships Diagram, and Design Doc
- Learned the ChromeOS developer workflow including writing clean code, writing tests, and using Gerrit

**Mission: Mentor** - Full Stack Developer Team Lead

Oct, 2021 - May, 2022

Remote

- Handled the handoff of the repository for the acquisition by Crimson Education in September, 2022
- Full stack feature development allowing users to match with scholarships and learn with modules improving their chances of getting into their dream college
- Worked with ReactJS, Java Spring Boot, and AWS services, such as Cognito, Amplify, and EC2
- Led a team of developers to iterate quickly on new designs
- Communicated inter-team and intra-team through Slack, Figma, Jira, and Git

**Research For RPI** - Front-End Designer & Developer

May, 2021 - August, 2021

Remote

- Designed and developed a functional website for teaching the Monty Hall problem with a team of students
- Coded in HTML, CSS, and JS in the Laravel framework and communicated with a MySQL database

**TheCoderSchool** - Code Coach

May, 2021 - August, 2021

Commack, New York

- Educated more than 20 students in coding languages such as Python, Java, and Scratch individually and with other coaches
- Demonstrated great patience working with young students and adapting to different situations

## Leadership Experience

**Chi Phi** - President

Jan, 2023 - Dec, 2023

Troy, New York

- Elected official overseeing 21 officers with an annual budget of over \$200,000
- Represent the Chapter for our Alumni Association, Interfraternity Council, and our National Fraternity

## Skills

- Advanced Proficiency in C++ and Python
- Intermediate Proficiency of Java, Git, ReactJS, TypeScript, Protocol Buffers, and LaTeX
- Developing Proficiency of C

## Certifications

- Coursera Certificate: Start the UX Design Process: Empathize, Define, and Ideate!
- Coursera Certificate: Foundations of User Experience (UX) Design
